BOARD OF EDUCATION MEETINGS

Board of Education meetings typically take place on the fourth Wednesday of each month and are held at Warsaw High School at 6:00 PM. Throughout the year, the Board Finance, Community Engagement & Strategic Partnership, and Policy Committees meet.

Dates for all meetings can be found at www.warsawschool.com/district-316/#meetings

If an individual with a disability requires assistance in order to attend a Board meeting, please call 217-256-4281 or fax 217-256-4283

CONCERNS AND CHAIN OF COMMAND

The Board wishes to emphasize that complaints concerning staff members and/or programs will be handled through a proper chain of command. Using this procedure, a citizen with a complaint must first address the complaint with the employee directly responsible. If satisfactory results are not achieved, the citizen may then address that employee's direct supervisor. A normal chain of command for a complaint concerning a classroom teacher, for example, would be to begin with the teacher and continue through the Building Principal, Superintendent, and finally, the Board of Education. The Board will not address complaints concerning staff and/or programs unless the chain of command has been completed up to and including the Superintendent.

WELCOME LETTER

Dear Parents/Guardians:

My name is Brett Ufkes and I am honored to be principal at Warsaw Elementary School. As professional educators we are offered the unique and gratifying experience of watching children grow and flourish academically and socially. In our school district there are no failures or wrong answers, instead these are teachable moments and opportunities for students to learn and grow, becoming outstanding citizens.

This handbook is reviewed each spring by a committee of stakeholders and brought before the school board for their consideration. The policies and procedures in this handbook have been approved by the school board. We ask that you familiarize yourself with the handbook's contents and utilize the website below for your continued reference. We recommend reviewing the handbook with your student(s) to help them better understand the expectations for the upcoming school year.

The starting point in providing your children educational opportunities to succeed is to ensure that their progress in school is closely monitored. Through quality **TEAMWORK** between parents and school personnel, a positive relationship can be established where everyone is striving to do what is best for the child.

The faculty and I welcome and encourage you to work closely with us to educate **EVERY** child in this community. We will not only promptly contact you with concerns regarding your child but also when accomplishments are highlighted. Additionally, if you notice that your child is troubled by a situation that you believe may not be apparent to us, please promptly contact the office. Together we will work together to achieve the best results for our children.

AGREEMENT TO ABIDE BY THE HANDBOOK

The Warsaw Elementary School Student & Parent Handbook contains the school's policies and procedures which pertain directly to the students and parents of WES and are in conformity with the Diocese of Springfield and is recognized by the state of Illinois. WES agrees to comply with any other applicable State or federal law or regulatory requirement. The handbook is updated yearly, and you will be informed of any changes from one year to the next. Since support to the entire educational process of WES is essential for the success of the students, students and parents need to be familiar with and follow the policies and procedures. Therefore, all students and parents are asked to sign a statement to show that they have read the handbook and agree to follow the school's policies and procedures. This form will be available during registration at the beginning of the school year and will be kept on file for the duration of the school year.

During the year, if those supplies are depleted, the classroom teachers may send a note home stating what new materials are needed. Any parents/guardians who are not able to furnish these supplies, for whatever reason, should contact the elementary office.

HOMELESS EDUCATION

The McKinney-Vento Act is designed to address the problems that homeless children and youth have faced while enrolling, attending, and succeeding in school. Under this program, schools must ensure that each homeless child has equal access to the same free, appropriate public education, including a public preschool education as other children. The homeless liaison is the elementary principal and may be contacted through the elementary school office. Homeless means individuals who lack a fixed, regular, and adequate nighttime residence...; and includes — children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement.

Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child’s age, shall assure that the child attends school during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who: are physically or mentally unable to attend school (suffering medical complications as certified by her physician), are between the ages of 12 and 14 while in confirmation classes, or have a religious reason requiring absence.

STUDENT ABSENCES

It is the parent/guardian's responsibility to notify the school office prior to the start of the school day when their child will be absent from school. When a student will be absent from school, their parent/guardian must contact the elementary school office by 9:00 a.m. on the day of absence in one of three ways.

- I. Leave a message on the school voice mail at **217-256-4614 ext 105**
 - II. Talk to school personnel after 7:30 a.m.
 - A. If parent contact was not made then a note is to be submitted to the office upon re-admittance to school. Absences will be recorded as unexcused until a note with an excusable reason is received.
 - III. Email the school administrative assistant at **pam.teel@warsawschool.com**
 - A. If the parent or guardian has not provided prior notice or called, the student will be assumed to be truant. To ensure the student’s safety, a representative of the school will attempt to contact the parent to inquire about the student’s absence. This notification will be made by 10:20 a.m. Parents must provide at least one telephone number for notification.
- When calling please give the following information:
 - A. Student’s first and last name
 - B. Student’s homeroom teacher’s name
 - C. Reason for the absence
 - D. Length of absence if it is multiple days
 - E. Phone number to be reached on the day of the absence

★ If students are not called in by 9:00 there will be a generated phone call to the parents/guardians

regarding the absence of the child/children.

- ★ If Students are absent multiple days in a row without a parent/guardian call the office staff will begin contacting parents/guardians.
- ★ It is the parent/guardian's responsibility to provide a note from a physician if the child is absent due to illness from school for 5 or more consecutive school days.
- ★ Removing students from school for vacation trips is discouraged. However, if taking students from school cannot be avoided, please notify the principal as soon as possible so that plans for keeping up with school work can be made

- Observance of religious holidays
- Medical appointment for students
- Civil court appearance
- Principal may require a doctor's excuse after three (3) days of absence or longer.

- Babysitting
- Missing the bus
- Oversleeping

- Undefined personal reasons

24 HOUR RULE

Fever/Vomiting: No child with a fever over 100 should be sent to school. Children should not return to school until s/he has been free of a fever and/or vomiting for 24 hours. Any child with a temperature at 100 or above will be sent home.

reducing medication for 24 hours.

- **ANTIBIOTICS:** Keep your child home for at least 24 hours after the first dose of antibiotics.

ILLNESS OR INJURY AT SCHOOL

The office will immediately notify parents/guardians if their student becomes ill or is injured at school. Emergency contacts are accessible in the PowerSchool for every student. It is important that parents/guardians **maintain current emergency contact information with the school** so they may be reached should an emergency arise.

STUDENT MEDICATION

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "Student Medical Authorization Form." These forms are available online.

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for immediate use at the student's discretion, provided the student's parent/guardian has completed and signed an Authorization for Student Self-Medication Form. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

HEAD LICE

If a staff member suspects a student has lice, he/she will discreetly inform the office. The office will contact and check the student. Students diagnosed with live head lice will have their parent/guardian contacted and the student will be sent home when possible. If nobody answers the phone or is able to pick up the student, the student will remain in the office for the remainder of the day. Once the student is treated appropriately, they may return to class. The student will be rechecked upon return to school to be sure the student is lice free.

IMMUNIZATION RECORDS

Pneumococcal	All Pre K students must show proof of at least one vaccine after 24 months of age.
DPT (Diphtheria/Pertussis/Tetanus)	Four or more doses of DTP with the last booster received after age 4. Any child entering 6 th grade shall show proof of receiving one dose of Tdap (tetanus, diphtheria, acellular pertussis) vaccine regardless of the interval since the last Tdap, DT or Td dose.

TOPV (Polio)	Three or more doses with the last dose being a booster given after 4 years of age.
MMR (Measles, Mumps, Rubella)	Two doses, first dose at 12-15 months, second dose 4-6 years before start of school. All 6 th grader students must show proof of 2 doses.
Hepatitis B	Three dose series, the 2 nd dose should be given 1 month after the 1 st dose, and the 3 rd dose at least 4-6 months after the 2 nd dose.
Chicken Pox Vaccine	Any child entering kindergarten or 6 th grade shall show proof of having received two doses of varicella vaccine, the first dose on or after the first birthday and the second dose no less than four weeks (28 days) after the first dose, or proof of prior varicella disease or laboratory evidence of varicella immunity.
Meningococcal	Students must show proof of one vaccine on or after their 11 th birthday.

★ **Important Note:** State law requires proof of or a schedule for compliance for both the health examination & required immunizations to be submitted to the school by **October 15th** of the current school year. **Noncompliance will result in the student being excluded from school** until proof of or a schedule for both requirements can be presented. During the time of exclusion, the student will be recorded as truant.

ABSENCES FOR RELIGIOUS HOLIDAYS

Any child who is unable, because of the observance of a religious holiday, to attend classes on a particular day shall be excused from any assessment or any study or work assignments on that day. A child who is absent from school because of the observance of a religious holiday will be provided an equivalent opportunity to make up any assessment, study or work requirements, which they have missed because of their absence.

TRUANCY

State law says that school is mandatory for ages 6 through 17. A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law. State law requires every school district to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. This review must include an analysis of chronic absence data from each attendance center. Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Parents are allowed 10 parent choice days each school year for their child to be absent. Parent choice days include up to five mental health days. After the tenth student absence a doctor’s note will be required or the absence will be unexcused. If a student is absent five or more consecutive days a doctor's note is required. Students who miss 10 or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue. Supportive services to truant or chronically truant students include: parent conferences, student counseling, family counseling, and information about existing community services.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

TARDINESS

When children come to school late, they lose valuable time, interrupt the class, and will miss important information and instructional activities. Students and family members are responsible for students arriving at school on time. Punctuality is part of good citizenship, so please help your child be on time. If, on occasion, your child must be late for school, please write a note of explanation to the teacher, escort your child into the office, and sign them in.

Students that are not in their classroom by 8:25 a.m. will be recorded as tardy. Students who are tardy shall come to the School Office for a tardy slip before reporting to class. This must be done regardless of the amount of time tardy. Students who demonstrate a pattern of tardiness will be counseled and their parent's contacted to resolve the problem.

PARENT/GUARDIAN CONTACT INFORMATION

It is very important that we have current phone numbers in our records. At times during the year, an emergency may arise whereby we need to locate parents/guardians, or an individual designated by the parents/guardian. If for any reason the contact phone numbers change during the year, please notify the school office immediately.

PARENT COMMUNICATION

Messages will be taken for students and teachers, but it is not always possible to deliver them immediately. If parents wish to speak with teachers on the phone, it is requested they call before or after school when teachers are not in class. Also, each teacher has voicemail and email, so please ask the office staff for assistance in accessing these features which will allow you to leave a message and contact information so that the teacher can reply and/or return your phone call. In addition, families are expected to register their child to ensure that all contact information is kept up to date including phone number and email addresses.

PARENTAL APPROVAL FORM

At the beginning of the school year parents or guardians will be asked to fill out a form allowing approval or disapproval of their child(ren) to be photographed for media purposes. Consent will allow child(ren) to be interviewed, photographed, videotaped, or placed on our school website in respect to news stories or instructional/informational projects and programs.

TEACHER REQUESTS

Towards the end of the school year a paper with questions for the next year will be sent home to parents. It asks parents to let us know what kind of teacher they think is best for their child. That way they can give their input and help us find the best fit for their child, but they can't request a specific teacher. Teachers and administrators have an enormous amount of factors that are considered when creating class assignments before the beginning of the school year. There needs to be a semi-equal distribution of students by gender, achievement levels, behavioral concerns, and accommodations for students with special needs. Therefore, there are no guarantees that your child will get the requested teacher.

VISITORS

All visitors to the school building or grounds are requested to use the main entrance and **CHECK-IN AT THE OFFICE WINDOW** regarding the purpose of their visit. All visitors are given a **Visitor's Pass**. This will enable faculty and students to quickly identify individuals who entered the hallways or are on school grounds without permission. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

If you wish to schedule a visit to volunteer in the classroom, contact the principal to establish a time. The volunteer form will be available on the school website. This must be cleared with the classroom teachers. When there are

class parties teachers will set up a volunteer list. Volunteers will be limited to the number suggested by the teacher and those who volunteer first will be selected first. Students from other schools are generally not given permission to visit WES unless the visiting child would have something of value to offer our school program. Anyone interested in such a visit must first secure permission from their child's teacher(s).

FEES

Each pupil is required to pay a **\$50 instructional materials fee** at the time of registration. The instructional materials fee is used to purchase basic and supplemental texts - hardcover and paperback, periodicals, workbooks and supplies

Each student is required to pay a **\$10 technology fee** at the time of registration. This technology fee is used to replace parts and screen protectors for students' electronic devices.

BOOK REPLACEMENT COST

One textbook per subject is given to each student on the first day of classes. Loss and unreasonable wear or damage is chargeable to the student. No new text will be issued until the lost text is paid for. Payment for loss/damage must be made at the end of the school year. No report card will be issued until payment is made.

CARE OF SCHOOL PROPERTY

Students are responsible for the proper care of all books, supplies, and furniture supplied by the school. Anyone damaging property or abusing equipment, whether by accident or on purpose, will be required to pay for the damage or replace the item in addition to any other disciplinary sanctions that may be imposed.

LUNCH/BREAKFAST FEES

SCHOOL HOT LUNCH/BREAKFAST PROGRAM The Type A lunch is the foundation of the school hot lunch program and provides at least one-third of the student's daily nutritional requirements for good health as established by the U.S. Department of Agriculture. Warsaw Elementary School utilizes the cafeteria for lunch and the multipurpose room for breakfast in order to provide a Type A lunch to each student. **If your child has a food allergy, please pay close attention to the lunch menu.**

Money will be collected in the mornings by classroom teachers before school begins. No money should be brought by students through the lunch line. You may pre-pay by the week, every 2 weeks, monthly, etc., whichever is best for you. It is important that all school-related monies are transported safely to school in a sealed envelope, preferably carried in the child's book bag. The child's name and grade level on the envelope helps in case the envelope is lost. The school is not responsible for lost money. For safety reasons, students should not bring other, non-school related monies to school. For safety reasons, students are not permitted to see/collect money for non-school related items at school

Students may bring a cold lunch or eat school hot lunch. School lunch is to be paid in advance. Students with cold lunches may purchase school **milk at \$.40 a carton. STUDENTS MAY NOT HAVE SODA OR ENERGY DRINKS** in the cafeteria. Students who need juice with hot lunch instead of milk must have a doctor's note. Breakfast is to be paid in advance. Breakfast and lunch may be paid together.

MEAL PRICES FOR WES

PRICE OF LUNCH FOR ELEMENTARY STUDENTS	\$2.75 PER DAY
PRICE OF BREAKFAST FOR ELEMENTARY STUDENTS	\$2.05 PER DAY
ADULT MEALS	\$3.25 PER DAY

REDUCED PRICE MEALS

PRICE OF REDUCED LUNCH	\$.40 PER DAY

Students who cannot afford to purchase the Type A breakfast or lunch may be eligible to eat free or at a reduced price. For any family that qualifies, we do have Free and Reduced Lunch Forms available. These families are able to receive both breakfast and lunch at the free or reduced lunch price. Parents are requested to fill out the appropriate forms and bring them to the district office to determine if they meet federal requirements for free or reduced price meals.

WAIVER OF STUDENT FEES

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parents or guardians to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver applies to all fees related to school, instruction, and extracurricular activities. Applications for fee waivers may be obtained from the school office and may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or
2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children); or
3. The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage. The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process or an appeal of the District's decision to deny a fee waiver should be addressed to the Building Principal.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

Academic progress in kindergarten, first, and second grade will be reported as follows:

HELP TEAM TUTORING

The help team for tutoring meets every Thursday after school. The help team is data driven and dependent on school personnel available. The Multi-Tiered System of Supports (MTSS) will determine student priority if there is a shortage of tutors. Students in tiers 3 will take first priority then tier 2 and then tier 1. If parents wish for their child to utilize the help team please contact the district office by calling **(217) 256-4614**

Tier 1 is whole class core instruction

Tier 2 is whole class core instruction + additional targeted instruction (often small group)

Tier 3 is whole class core instruction + additional targeted instruction + intensive intervention

SECTION 504

Section 504 of the Rehabilitation Act of 1973, as amended 29 U.S.C., Section 794, protects disabled persons from discrimination based on their disabled status. The Board of Education recognized the requirement to provide a free appropriate public education to each disabled student within its jurisdiction, regardless of the nature or severity of the disability.

It is the intent of the Warsaw CUSD 316 to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled under this policy even though they do not require special education services pursuant to the Individuals with Disabilities Education Act (IDEA). Procedural safeguards are guaranteed for disabled students and their parents in the Warsaw School District

EDUCATION OF CHILDREN WITH DISABILITIES

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term "children with disabilities" means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed, except those children with disabilities who turn 22 years of age during the school year are eligible for special education services through the end of the school year. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

DISCIPLINE OF STUDENTS WITH DISABILITIES

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's Special Education rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

RESPONSE TO INTERVENTION

The Individuals with Disabilities in Education Act (IDEA) stipulates that schools follow a Response to Intervention (RtI) model of identifying students for special education services.

RTI is a Practice of Providing:

1. High quality instruction/intervention matched to student needs and
2. Using learning rate over time and level of performance (in comparison to peers) to
3. Make educational decisions (including special education entitlement).

This means using differentiated curriculum based instructional strategies for all learners, providing all learners with scientific, research-based interventions, continuously measuring student performance using scientifically research based progress monitoring instruments for all learners, and making educational decisions based on a student's response to interventions. This model is being consistently applied to academic and behavioral issues.

RtI Three-Tier Model that Utilizes Increasingly More Intense Interventions:

- I. **TIER 1:** The foundation consists of scientific, research-based core instructional practices and behavioral methodologies, practices, and supports designed for all students in the general curriculum.

- II. **TIER 2:** Supplemental instruction and short-term interventions are provided in addition to core instruction to those students who display poor response to Tier 1 group instructional procedures.
- III. **TIER 3:** Intensive instructional interventions provided in addition to core and Tier 2 interventions to increase an individual student's rate of progress. Students who do not display meaningful progress in response to Tier 2 interventions or those that display progress but continue to need support would be considered for more intensive interventions at Tier 3.

At Warsaw Elementary School, all students' reading and math skills are screened three times a year using the district wide assessment and benchmarking tool AIMSweb in order to determine which students may be in need of additional interventions. This information will be shared with parents. If additional interventions are needed, parents will be informed and the student's progress will be monitored.

PROMOTION GUIDELINES

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

RETENTION GUIDELINES

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

In the event the parent does not agree with the school's (teacher-principal) recommendation to retain a student, the building Retention Review Committee will make the final decision. Further the Retention Review Committee will decide all retention cases where the student meets the criteria for retention, but the teacher, principal, and/or parents agree that a promotion is in the best interests of the student.

TIME OUT AND PHYSICAL RESTRAINT

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others, and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The School may not use isolated time out, time out, or physical restraint as discipline or punishment, convenience for staff, retaliation, as a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

TRANSFER STUDENTS WITH AN IEP OR 504 PLANS

Federal and state statutes require Warsaw Elementary School to recognize and match, within the scope of programs and facilities available to the school district, any current individualized education plan (IEP) or 504 plans that accompany a transfer student's records. Changes to the previously prescribed IEP or 504 plans must be made during an IEP or 504 meeting. If a student's complete and up-to-date records are not received by the school district within 30 days of enrollment.

EMERGENCY DRILLS

Emergency drills will be held periodically throughout the year. These include fire drills, tornado drills, evacuations and lockdowns. Fire safety, tornado safety, and evacuation plans instructions will be posted inside each classroom. In the event of a school evacuation, parents will be notified through our school messenger system on powerschool of important updates as well as details to reconnect with students. We will use the track as a rally point during lockdown drills for those students who are outside during a lockdown. During a fire drill students will line up with their homeroom teachers on the playground by the red slide on the south end of the playground.

In the event of inclement weather conditions or other emergency situations affecting the school schedule the school principal will make an ALL-CALL canceling school. In addition the following radio and television stations will be contacted early in the morning of the affected day:

Participation: Students unable to participate in P.E. class due to injury or illness will be unable to participate in recess that same day. Students will be assessed based on participation and behavior each quarter

Exemption From PE Requirement

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. Starting in 3rd grade IEPs require that special education support and services be provided during physical education time, and that the parent/guardian agrees or the IEP team makes the determination; or
2. The student participates in an adaptive athletic program outside of the school setting, and the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education will receive that service in accordance with the student's Individualized Education Program.

DISCIPLINARY ACTIONS

- ★ **The nature of the parent response to a behavioral referral from the office will influence what the child learns from the experience. Parents, who work with school personnel in a constructive spirit to resolve the problem, will model an appropriate way to solve problems and reinforce to their child that misbehavior is unacceptable.**

The Illinois School Code provides schools jurisdiction over their students during the regular school day and while going to and from school on school transportation. Jurisdiction includes any school activity and related misconduct regardless of time and location. To achieve a safe and orderly environment, schools must set expectations for conduct (establish rules), teach appropriate conduct and teach that there are consequences for misbehavior to insure compliance to rules.

Please note, all referrals made to the office result in the principal meeting with the student to review the incident. Office action regarding the referral will be based upon the reported information on the referral and any new information resulting from the meeting with the student and/or other witnesses.

SUSPENSION POLICIES

2. Suspension will be immediate and may be an in-school suspension, or out of school suspension.
3. Suspensions may be for a period of up to 10 days per suspension.
4. The Principal will attempt to reach a student's parent by phone when a suspension is to be issued. The Principal will also send a letter to the parents.
5. The Principal may request the parent(s)/guardian(s) to appear for a conference.
6. If the suspension is an in-school suspension, the student will be required to: eat his/her lunch in a designated place and may only be on the school premises from 7:45 a.m. to 3:30 p.m.

7. If the suspension is an out-of-school suspension, then the student may not appear on the school premises at any time during the suspension period without the Principal's permission.
8. Failure to abide by the rules of an in-school suspension will cause the student to be suspended out-of-school for the remainder of the suspension, with an additional day added to the suspension.

EXPULSION

Parents/guardians will be notified (as soon as possible) regarding the circumstances and disciplinary action. If continued suspensions occur, the building principal will refer the student to the district administrator for possible expulsion proceedings. The district administrator will decide if the student, along with his/her parent/guardian should appear before the Board of Education for possible expulsion proceedings. The Board of Education will make the final decision concerning expulsion. In exceptional cases, the administration may request the Board to consider expulsion for a first offense. Expulsion from school is an extreme action that may be taken when all efforts to counsel with the student and the parents have failed to bring acceptable behavior, and when very serious incidents occur that require immediate action.

DUE PROCESS

The Board of Education and Administration intend to protect student's rights. The policy below pertains to discipline matters that involve suspension:

- A student has a right to hear the charges/evidence.
- The student may deny the charges and give his/her story.
- A student has the right to be informed of the decision.
- A student and parents have the right to a hearing with:
 - First – Principal
 - Second – Superintendent
 - Third - Board of Education

BUS TRANSPORTATION

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

In the interest of the student's safety and in compliance with State law, students are expected to observe the following rules:

1. Be waiting at your bus stop on time.
2. Choose a seat and sit in it immediately upon entering the bus. Do not stand in the entrance or in the aisle.
3. Do not move from one seat to another while on the bus.
4. Keep all parts of the body and all objects inside the bus.
5. Loud conversation, singing, boisterous conduct, unnecessary noise or profanity is not allowed.
6. Enter and exit the bus only when the bus is fully stopped.
7. All school rules apply while on the bus, at a bus stop, or waiting for the bus.
8. Use the emergency door only in an emergency.
9. In the event of an emergency, stay on the bus and await instructions from the bus driver.
10. Good behavior that will not distract the bus driver from operating the bus safely is required.
11. Climbing over seats, pushing, scuffling, and other needless commotion are grounds for disciplinary action.
12. Do not open windows unless given permission
13. Keep the bus neat and clean.
14. Athletic footwear equipped with cleats or spikes are not allowed on the bus unless in a duffle bag.
15. Inappropriate behavior will be reported to school authorities and failure to observe safety rules may result in suspension from bus services.
16. Never tamper with, damage, or deface anything in or on the bus, or any of the bus or school equipment.

17. Keep book bags, books, packages, coats, and other objects out of the aisles. Keep all body parts clear of the aisles when seated.
18. Eating is not permitted on the bus unless permission is given by the bus driver.
19. Parents will be liable for any defacing or damage students do to the bus.

Bus Suspensions

Students may be suspended from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct. If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

Video and audio cameras may be active on buses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus. For questions regarding school transportation issues, contact the Superintendent's office.

BICYCLES / SCOOTERS

Students who ride bicycles/scooters to and from school shall observe the rules of the road and exhibit courtesy to pedestrians. Bicycles/scooters must be walked on the school playground and parked in the provided racks. Scooters may not be taken to the classroom. Students who disregard the above rules shall have their bicycle/scooter privilege revoked. Warsaw Elementary School will not be responsible for lost or stolen bicycles/scooters.

CRISIS PREVENTION/CHILD RESTRAINT

A teacher may use reasonable force as needed to maintain safety for the other students, school personnel or persons, or for the purpose of self-defense or the defense of property. The teacher may remove a student from the classroom for disruptive behavior and shall include provisions which provide due process. Prone restraint is not permitted.

DRUG USE POLICY

Any student in possession/use/or delivery of tobacco, electronic cigarettes, vapes or any illegal drug or controlled substance or look-alikes on school property or at school activities is considered in violation of the Drug Use Policy. Violation of the Drug Use Board Policy will result in the following acts of disciplinary procedures:

1. The student shall be referred to the Principal.
2. The parent(s)/guardian(s) shall be referred to the Principal.
3. The Superintendent shall be notified.
4. The Police may be notified.

6. The student may be recommended for counseling at his/her expense.
7. The student will be suspended from school by the Principal. The principal may also refer the student to the Board of Education for expulsion proceedings.
8. The student may be expelled from school by the Board of Education.

SCHOOL OPERATIONS DURING A PANDEMIC

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption

of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.

2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

PREVENTION OF AND RESPONSE TO BULLYING, INTIMIDATION, AND HARASSMENT

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential parental status. Association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and

means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who have information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

Cyberbullying

Cyberbullying is sending or posting harmful material or engaging in other forms of social aggression using the Internet or other technology. Cyberbullying may include anger, harassment, trickery, or impersonation and even extend to cyberstalking or cyber threats. The impact of cyberbullying on students can be severe, interfering with education and producing long-term psychological damage. Engagement in online social media such as, but not limited to Facebook, Instagram, Xanga, TikTok, Snapchat, Friendster, etc. may result in disciplinary actions if the content of the student's correspondence includes defamatory comments regarding the school, the faculty, other students, or the parish.

Electronic harassment can occur through personal websites, blogs, email, discussion groups, message boards or cell phones. Although cyberbullying may take place outside of the school, it may become a school issue when it affects the educational environment. Cyberbullying issues will be left up to the discrimination of the St. Peter's School Administration in the following ways:

- Consultation with students
- Parent notification by phone
- Parent Conference
- Disciplinary action
- If the online material appears to present a legitimate imminent threat of violence and danger to others school officials should contact law enforcement and initiate a protective response.

POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS (PBIS)

What are Positive Behavior Interventions and Supports?

It is not enough just to teach expected behavior, we also need to regularly recognize and reward students for engaging in appropriate behavior. **Research has shown that recognizing students for engaging in expected behavior is even more important than catching students breaking the rules.** "School-wide Positive Behavior Support is an organizational framework for discipline. As a framework or approach, it is not a specific "model" or "program," but a compilation of research-validated and effective practices, interventions, and systems change strategies. School Wide (SW)-PBIS provides the framework for:

- The process of teaching students proper behavior in different contexts
- Improving the social behavioral climate of schools
- Supporting or enhancing the impact of academic instruction on achievement
- Increasing proactive, positive, preventive management while decreasing reactive management
- Integrating academic and behavior supports
- Improving services for all students, including students at risk and students with identified disabilities
- Our motto is, "The Titan Transformation"

Examples of WES School-Wide Rules (**Be Safe, Be Respectful, and Be Responsible**)

- Cleaning up your spills in the cafeteria is an example of **Being Safe** because someone could slip on the spill and get hurt.
- You were **Being Very Responsible** when you asked your classmate to walk in a straight line in the hallway.
- Thank you class for **Being So Respectful** by raising your hands to speak and listening to what everyone else had to say about the story

How Will We Acknowledge Expected Behavior

Adults in the building acknowledge appropriate student behavior with Dojo Points/Titan Tickets and/or positive, specific verbal praise. Titan Tickets can be used to purchase items from the store on a weekly basis.

Students may be recognized by their teacher(s) with a Positive Office Referral for exemplary behaviors. Students will be recognized with a phone call home and will be recognized on a Positive Office Referral bulletin board. Titan All names for positive office referrals will be entered in a drawing on a bi-weekly basis. The Principal will draw 3 names for a prize.

WES Student of the Month

Every month, we will have a character assembly. At the character assembly we will recognize the students of the month. One student total will be selected from grades k-3 and another will be from grades 4-6. This will start in the month of September and end in May. Assemblies are a chance for schools to celebrate positive behavior, highlight students and regularly re-teach school-wide rules. Students of the month will receive a certificate and 10 titan tickets.

WES Golden Ticket Awards

Additionally, each homeroom teacher in each grade will hand out three “Golden Ticket Awards” each month. This ticket is equivalent to 5 “Titan Tickets” and will be rewarded to three separate students based on the following criteria.

W- Well Behaved (This student has no negative office referrals or classroom referrals for the month)

E- Excelling Academically (This student is going above and beyond in the classroom)

S- Selfless (This student has consistently shown concern for the needs of other students)

SEARCH AND SEIZURE

If there is reasonable suspicion that the safety of students or school personnel is at risk, school personnel may initiate a search. Illinois Statute (105 ILCS 5/10-22.6) permits searches of “lockers, desks, parking lots and other school property owned or controlled by the school as well as personal effects left in those places and areas without notice or the consent of the student.” In addition to safety, if items of importance or value are missing and there is a reasonable chance they have not left a defined area, that area and persons in that area may be searched. If a search of an elementary student becomes necessary, students may be asked to turn their pockets inside-out, roll-up long sleeves or trouser cuffs, and/or remove their shoes. Although pat-down searches are permissible, they would only be done if safety was an immediate concern. In that event, two adults of the same gender as the student would perform that search. Parents will be immediately contacted if a dangerous or missing item is found on or in the possession of their child. Also, parent presence will be required if there is good reason to believe that an item of importance or value may be concealed in such a manner as not to be revealed by the above search procedures.

ADULT CONDUCT TOWARDS SCHOOL PERSONNEL

Adults who direct derogatory personal remarks, use profanity, and/or make threats toward school personnel, will be subject to a review of their conduct by the school administration with possible referral to the school board. The school board has the authority to ban individuals from school grounds for such behavior. **Threats of violence will be cause for immediate contact with the police. In the interest of a safe school environment, the school district has zero tolerance for threats of violence from students and parents alike.**

DEVICE AND INTERNET USAGE

At WES we teach students digital citizenship. Digital citizenship refers to the responsible use of technology by anyone who uses computers, the Internet, and digital devices to engage with society on any level. Much like we have rules for the way we behave in society, we have rules for how we should behave in our digital society.

Digital Responsibilities

- Use appropriate language and behavior when interacting with others (i.e. no cyberbullying)
- Respect the opinions and ideas of others
- Obey all intellectual property laws
- Do not use or share others' work without permission
- Follow rules and/or codes of conduct for every Internet site

Expectations while using technology are in place to help create the best technology environment possible. Students will learn about internet safety, cyberbullying, digital footprint and other important aspects of digital citizenship in their classes while staff will receive information via email tips and also through information found on the website.

1:1 Technology

Students at WES are one-to-one with technological devices. One-to-one refers to an educational program where each student is provided with their own personal learning device. Students use lap-tops and ipads. These devices help supplement instruction, provide access to the Internet's resources, and develop computer skills that will be necessary in tomorrow's world. Electronic devices are connected to a central file server providing each student a connection to all school district libraries, installed software programs and the Internet. Through supervision and the installation of screening software, access to controversial material is restricted. It must be recognized however, as new filtering software programs are developed, some computer "hackers" find ways to defeat the software. WES will remain proactive, keeping to date with technology practices to best filter internet sites to protect students online.

Technology Agreement

Parents and students will need to fill out the technology agreement which releases the district from claims and damages arising from the use of the Internet. The form also stipulates that, if students commit any violation (intentionally enter addresses seeking undesirable sites) computer privileges may be revoked.

CLASSROOM TREATS

Due to health concerns we ask that all treats brought to school for distribution to the other students be store bought. Treats should be either taken to their homeroom classroom or to the office immediately when the student arrives at school. Deliveries such as balloon bouquets, stuffed animals, flowers, etc. should not be sent to school but rather to the child's home

FIELD TRIPS

Before students are allowed to go on field trips, consent must be received via the schools online registration form. Additional forms may be sent home closer to the date of the field trip. If you did not grant consent at the time of registration but wish to do so please contact the office. We will attempt to notify parents of dates and destinations of field trips in advance. If your child has strong allergic reactions to bee stings or other special medical needs, kindly remind his/her teacher of that on the permission slip to ensure that the appropriate precautions are taken or needed medication is taken along.

HOMEWORK

High expectations lead to improved student achievement and self-image. Well-planned assignments that require time outside the classroom can broaden knowledge, establish good work habits and promote a sense of responsibility. In general, homework increases gradually as students advance through the grades. Additionally, home assignments enable parents to see what the student is doing in school and provide opportunities for parents to demonstrate their interest in their child's educational progress.

STANDARDIZED TESTING

ILLINOIS ASSESSMENT OF READINESS

(IAR) is the state assessment and accountability measure for Illinois students enrolled in a public school district. IAR assesses the Illinois Learning Standards incorporating the Common Core and will be administered to students in English Language Arts and Mathematics. IAR assessments in English Language Arts and Mathematics will be administered to all students in grades 3-6 according to their current grade level.

In compliance with federal testing requirements, Illinois will administer a science assessment to students enrolled in a public school district in grades 5, 8 and 11. The assessment will be administered in an online format and is aligned to the Illinois Learning Standards for Science incorporating the Next Generation Science Standards(NGSS), which were adopted in 2014.

ILLINOIS SCIENCE ASSESSMENT

(ISA) Warsaw Elementary School will administer a science assessment to students enrolled in a public school district in grade 5. The assessment will be administered in an online format and is aligned to the Illinois Learning Standards for Science incorporating the Next Generation Science Standards(NGSS), which were adopted in 2014.

AIMSweb BENCHMARKING

AIMSweb is a benchmark and progress monitoring system based on direct, frequent, and continuous student assessment using brief, accurate measures of reading, math, spelling, and writing. Students will be benchmarked in grades K-3 in reading, writing, and math

REPORT CARDS

Report cards will be given to parents at first quarter parent teacher conferences. Each subsequent quarter report cards are sent home. Additionally, in the middle of each quarter, mid-term reports are mailed home to parents. Individual reports are issued on an "as needed" basis to parents of students who are not performing near their ability level.

PARENT TEACHERS CONFERENCES

Parent-teacher conferences will be scheduled at the end of the first and third quarter. Also, when teachers determine that particular children are having difficulty at school, the parents will be contacted and a conference scheduled if necessary. Parents may also initiate the request for a conference with their students' teacher(s).

TITLE I

Title I is a federally funded program designed to assist students in the area of reading and language art. Students who receive our services are usually a year or less behind their actual grade level in reading. Students enter the program in the early grades based on teacher recommendation. Older students enter based on both teacher recommendation and the STAR reading assessment. If a parent would like their child to receive services, they should discuss this with the child's teacher. Students are placed on monitors, where we no longer provide services but we monitor their success in the classroom, once they reach their grade level in reading. In the program, we provide reading activities to small groups of students to boost their skills and self-confidence. We work with the student's daily for one half an hour. While they are out of the classroom, they are not missing any core subject material. In order for your child to receive Title I services, parents must sign a compact when it is sent home with your child. If you ever have questions about anything sent home for Title I, please contact Megan Ritter at the email megan.ritter@warsawschool.com
